Re: Property: 120 N Crater Rd
Petersburg, VA 23803
Borrower: Jocelyn Gaskins & Stanley Gaskins
File No.: N Crater 120

Opinion of Value: \$ 145,000
Effective Date: 06/27/2023

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a location analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Sincerely,  Serial:BEFDEF8A

Supplemental Addendum

File No. N Crater 120

Borrower	Jocelyn Gaskins & Stanley Gaskins					
Property Address	120 N Crater Rd					
City	Petersburg	County	Petersburg City	State	VA	Zip Code 23803
Lender/Client	George Mason Mortgage					

GLA adjustments were calculated by the Paired Data Analysis of Comparables Six and Seven. The adjustment was derived by calculating the difference in unadjusted sales prices and difference in GLA (~\$20,000 / 200 sf) arriving at an approximate \$50 per sf after extracting a 50% market factor. The appraiser notes a 100 sf margin of error with respect to GLA variances.

Comparables One, Two and Three were chosen to reflect the subjects busy road location. There is no adverse impact on marketability.

Comparable Four was chosen to bracket the subjects GLA.

Comparable Five was chosen to reflect a recent sale in the subjects market area with respect to current market conditions.

Comparable Six was chosen for being located within close proximity to the subject.

Final opinion of value weighted against the average adjusted sales price of all sold comparables (approx. \$140,000) and weighing Comparable Five the most due to having the least amount of combined net/gross percent adjustments. The appraiser notes the varying sales prices, however, this is common in the subject market and by deriving the final opinion of value from all sold comparables, the varying sales prices are represented.

The subjects market area is in high demand. Reasonable exposure time is within three months. The subjects opinion of value is based "As Is", under the current market conditions, under a REASONABLE marketing time frame.

The chosen comparables in this report were the best available at the time of inspection. Data sources for the comparables were MLS, drive by inspection, and public records. The search criteria for identifying comparable properties was MLS and public records. Upon net and gross adjustments to the comparables, the subjects opinion of value is warranted. Adjustments include, but not limited to, Porch, Deck, Patio,Parking, Room Count (bed/bath) and Heating/Cooling adjustments etc. Most of which were made on a case by case basis, taking into account factors such as, but not limited to, style, condition, build quality, functional utility, and overall marketability. Actual ages vary, however, no age adjustments were warranted as the effective age and remaining economic life of the subject and all comparables were deemed similar.

Market Condition:

Net and/or gross adjustments to some of the Comparables exceed 15%, however, upon adjustments appraiser concludes credibility of the Comparables and the subjects opinion of value. This was necessary due to limited market data of Comparable properties. There is no adverse impact on marketability.

Location:

The appraiser was forced to expand some guidelines, including, but not limited to, GLA's, sales prices, distance, and time guidelines of some of the comparables to bracket and support the subjects characteristics. Some of the comparables are located across man made or natural boundaries. Markets are mostly similar, however, location adjustments were necessary to comparables one, two and four. More specifically, comparables one and two are located in Colonial Heights and comparable four is located in Hopewell. Colonial Heights property values are ~34% higher and Hopewell property values are ~11% higher relative to the subjects market area (Petersburg) based on a paired sales analysis of comparables three five, six and seven (similar location to the subject) and a market analysis within each respected market area. Search did uncover viable comparable sales that sold within the past 90 days of this report. Appraiser expanded search to find the other sales included, which are considered representative of current market conditions. Reasonable exposure time of the subject is within three months.

Distance guidelines were expanded up to a 10 mile radius for credible comparables. Time guidelines were expanded up to 365 days for comparables. Please note the 'stable' market according to the 1004 MC report.

FEMA DISASTER:

The appraiser notes no adverse influence on the subject and/or the subjects market area with respect to the Pandemic. Supply is limited and demand is high in the market area. In addition, home sales have been stable in the market area and surrounding counties.

The appraiser inspected each comparable from the street as required by Fannie Mae and USPAP.

Appraisal Fee \$950

IMPROVEMENTS

Are there any physical deficiencies or adverse conditions that affect the livability, soundness, or structural integrity of the property? ☐ Yes ☒ No If Yes, describe.

The appraiser is not a home inspector or an expert in the area of structural engineering, mold, or microscopic organisms. The appraiser is reporting only readily observable conditions. Utilities, mechanicals and appliances were on and functioning at the time of inspection.

Smoke/carbon detectors are throughout the dwelling. State and local code does not require the hot water heater to be double strapped.

Does the property generally conform to the neighborhood (functional utility, style, condition, use, construction, etc.)? ☒ Yes ☐ No If No, describe. Appraiser

inspected subject and neighborhood and notes general conformity. Appraiser notes that the subjects opinion of value is within the predominant value for the market area.

Is the property subject to rent control? ☐ Yes ☒ No If Yes, describe

COMPARABLE RENTAL DATA

Analysis of rental data and support for estimated market rents for the individual subject units reported below (including the adequacy of the comparables, rental concessions, etc.) Rent in the area appears to be from between \$.75/sf to \$1.00/sf in the market area. This data would include all styles of multi-family homes (duplex, quad, triplex, etc). The comparables above were pulled from the similar markets and support the subjects opinion of market rent.

The appraiser notes that the market rent opinion is \$0.90 per sf. The subject is in average rental condition (average rent amounts per the chosen leased comparables).

SUBJECT RENT SCHEDULE

Rent Schedule: The appraiser must reconcile the applicable indicated monthly market rents to provide an opinion of the market rent for each unit in the subject property.

			Other Monthly Income (itemize)		\$	Other Monthly Income (itemize)		\$
			Total Actual Monthly Income		\$ 700	Total Estimated Monthly Income		\$ 1,180

Utilities included in estimated rents ☐ Electric ☐ Water ☐ Sewer ☐ Gas ☐ Oil ☐ Trash collection ☐ Cable ☒ Other None

Comments on actual or estimated rents and other monthly income (including personal property) The subject is rented for above market rent. Please analyze the rental comparables. The predominant market rent for the area is \$.90 per sf. The appraiser notes that according to the market data in the MLS, the rent amounts are average amounts in the area. The rental properties are also in similar market condition as the subject. Upon net and gross adjustments to the leased comparables, the subjects opinion of market rent is warranted.

PRIOR SALE HISTORY

I ☒ did ☐ did not research the sale or transfer history of the subject property and comparable sales. If not, explain MLS, Tax Records

My research ☐ did ☒ did not reveal any prior sales or transfers of the subject property for the three years prior to the effective date of this appraisal.

Summary of Sales Comparison Approach including reconciliation of the above indicators of value. All comparables are located in the subject's market trend area and are of similar style, construction and utility. The chosen properties in this report are the most reflective of the subject. Net and gross adjustments are not always given equal weight. Appraiser further notes that most comparable adjustments were made on a case-by-case basis and not uniformly. Some adjustments were made relative to the appraisers experience and appraiser peers (through field reviews of appraiser peers) The appraiser further notes, any significant differences in the comparables relative to the subject were taken into consideration upon arriving at the Subject's opinion of value (i.e. GLA, room count, condition, build quality, location, etc). Conversely, there may be some differences that were not significant enough to consider for an adjustment.												
Indicated Value by Sales Comparison Approach \$ 145,000												
INCOME	Total gross monthly rent \$ 1,180 X gross rent multiplier (GRM) 123 = \$ 145,140	Indicated value by the Income Approach										
	Comments on income approach including reconciliation of the GRM All rental information was confirmed with MLS data or management company. The leased amounts relative to market sales of comparable properties was the derivative to arriving at a value conclusion through the Income Approach. All comparables were weighted equally with respect to the GRM.											
RECONCILIATION	Indicated Value by: Sales Comparison Approach \$ 145,000 Income Approach \$ 145,140 Cost Approach (if developed) \$ 156,093											
	Sales comparison is given most weight. Cost Approach is supportive of the value indication but less reliable because of estimations used for costs and depreciation. The Income Approach was also developed.											
This appraisal is made ☒ "as is", ☐ subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, ☐ subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or ☐ subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair:												
Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is \$ 145,000 , as of 06/27/2023 , which is the date of inspection and the effective date of this appraisal.

The Intended User of this appraisal report is the Lender/Client. The Intended Use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated Scope of Work, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

This appraisal was prepared in accordance with the requirements of Title XI, § 323.4 Minimum appraisal standards of the Financial Institutions, Reform, Recovery & Enforcement Act (FIRREA) of 1989, as amended (12 U.S.C. 3331 et seq.), and any applicable implementing regulations in effect at the time the appraisal report was signed.

The appraiser was not influenced by any outside source and has reported credible results in this report.

"Other" land use reflects parks, recreational facilities, government and state owned properties.

ADDITIONAL COMMENTS

Provide adequate information for the lender/client to replicate the below cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value)

Based on the application of the land to total

assessed ratio of the assessor to the estimated market value for the subject, the subject's site value is estimated at \$40,000 or 28% of the subjects value. This site value is considered an assessed ratio value and is not a comparable sale derived value. Site values are similar across the board. No site adjustments were made.

Small Residential Income Property Appraisal Report

LN#2306319225
File # N Crater 120

This report form is designed to report an appraisal of a two- to four-unit property, including a two- to four-unit property in a planned unit development (PUD). A two- to four-unit property located in either a condominium or cooperative project requires the appraiser to inspect the project and complete the project information section of the Individual Condominium Unit Appraisal Report or the Individual Cooperative Interest Appraisal Report and attach it as an addendum to this report.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements, including each of the units. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the interior and exterior areas of the subject property, including all units. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison and income approaches to value. I have adequate market data to develop reliable sales comparison and income approaches to value for this appraisal assignment. I further certify that I considered the cost approach to value but did not develop it, unless otherwise indicated in this report.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
11. I have knowledge and experience in appraising this type of property in this market area.
12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Operating Income Statement

N Crater 120

One- to Four-Family Investment Property and Two- to Four-Family Owner-Occupied Property

Property Address		120 N Crater Rd Street		Petersburg City	VA State	23803 Zip Code	
General Instructions: This form is to be prepared jointly by the loan applicant, the appraiser, and the lender's underwriter. The applicant must complete the following schedule indicating each unit's rental status, lease expiration date, current rent, market rent, and the responsibility for utility expenses. Rental figures must be based on the rent for an "unfurnished" unit.							
	Currently Rented	Expiration Date	Current Rent Per Month	Market Rent Per Month	Utility Expense	Paid By Owner	Paid By Tenant
Unit No. 1	Yes ☒ No ☐	07/30/2023	\$ 700	\$ 590	Electricity	☐	☒
Unit No. 2	Yes ☐ No ☒		\$ 0	\$ 590	Gas	☐	☒
Unit No. 3	Yes ☐ No ☐		\$	\$	Fuel Oil	☐	☐
Unit No. 4	Yes ☐ No ☐		\$	\$	Fuel (Other)	☐	☐
Total			\$ 700	\$ 1,180	Water/Sewer	☐	☒
					Trash Removal	☐	☒

The applicant should complete all of the income and expense projections and for existing properties provide actual year-end operating statements for the past two years (for new properties the applicant's projected income and expenses must be provided). This Operating Income Statement and any previous operating statements the applicant provides must then be sent to the appraiser for review, comment, and/or adjustments next to the applicant's figures (e.g. Applicant/Appraiser 288/300). If the appraiser is retained to complete the form instead of the applicant, the lender must provide to the appraiser the aforementioned operating statements, mortgage insurance premium, HOA dues, leasehold payments, subordinate financing, and/or any other relevant information as to the income and expenses of the subject property received from the applicant to substantiate the projections. The underwriter should carefully review the applicant's/appraiser's projections and the appraiser's comments concerning those projections. The underwriter should make any final adjustments that are necessary to more accurately reflect any income or expense items that appear unreasonable for the market. (Real estate taxes and insurance on these types of properties are included in PITI and not calculated as an annual expense item) Income should be based on the current rents, but should not exceed market rents. When there are no current rents because the property is proposed, new, or currently vacant, market rents should be used.

Annual Income and Expense Projection for Next 12 months

Income (Do not include income for owner-occupied units)		By Applicant/Appraiser	Adjustments by Lender's Underwriter
Gross Annual Rental (from unit(s) to be rented)	(Market)	\$ 14,160	\$
Other Income (include sources)		+	+
Total		\$ 14,160	\$
Less Vacancy/Rent Loss		- (%)	- (%)
Effective Gross Income		\$ 14,160	\$
Expenses (Do not include expenses for owner-occupied units)			
Electricity			
Gas			
Fuel Oil			
Fuel (Type -)			
Water/Sewer			
Trash Removal			
Pest Control			
Other Taxes or Licenses			
Casual Labor			
This includes the costs for public area cleaning, snow removal, etc., even though the applicant may not elect to contract for such services.			
Interior Paint/Decorating			
This includes the costs of contract labor and materials that are required to maintain the interiors of the living unit.			
General Repairs/Maintenance			
This includes the costs of contract labor and materials that are required to maintain the public corridors, stairways, roofs, mechanical systems, grounds, etc.			
Management Expenses			
These are the customer expenses that a professional management company would charge to manage the property.			
Supplies			
This includes the costs of items like light bulbs, janitorial supplies, etc.			
Total Replacement Reserves - See Schedule on Pg. 2		1,170	
Miscellaneous			
Total Operating Expenses		\$ 1,170	\$

Replacement Reserve Schedule

Adequate replacement reserves must be calculated regardless of whether actual reserves are provided for on the owner's operating statements or are customary in the local market. This represents the total average yearly reserves. Generally, all equipment and components that have a remaining life of more than one year - such as refrigerators, stoves, clothes washers/dryers, trash compactors, furnaces, roofs, and carpeting, etc. - should be expensed on a replacement cost basis.

Equipment	Replacement Cost		Remaining Life		By Applicant/ Appraiser		Lender Adjustments	
Stoves/Ranges	@	\$ 500	ea.	÷ 15	Yrs. x 2	Units = \$ 67	\$	
Refrigerators	@	\$ 700	ea.	÷ 15	Yrs. x 1	Units = \$ 47	\$	
Dishwashers	@	\$ 350	ea.	÷ 15	Yrs. x 1	Units = \$ 23	\$	
A/C Units	@	\$ 5,000	ea.	÷ 20	Yrs. x 2	Units = \$ 500	\$	
C. Washer/Dryers	@	\$ 0	ea.	÷ 0	Yrs. x 0	Units = \$	\$	
HW Heaters	@	\$ 1,000	ea.	÷ 15	Yrs. x 2	Units = \$ 133	\$	
Furnace(s)	@	\$ 4,000	ea.	÷ 20	Yrs. x 2	Units = \$ 400	\$	
(Other)	@	\$	ea.	÷	Yrs. x	Units = \$	\$	
Roof	@	\$ 10,000	÷ 30	Yrs. x One Bldg. =		\$	\$	
Carpeting (Wall to Wall)								
				Remaining Life				
(Units)		Total Sq. Yds.	@ \$	Per Sq. Yd.	÷ Yrs. =	\$	\$	
(Public Areas)		Total Sq. Yds.	@ \$	Per Sq. Yd.	÷ Yrs. =	\$	\$	
Total Replacement Reserves. (Enter on Pg. 1)						\$ 1,170	\$	

Operating Income Reconciliation

\$ 14,160	-	\$ 1,170	=	\$ 12,990	÷ 12 =	\$ 1,083
Effective Gross Income		Total Operating Expenses		Operating Income		Monthly Operating Income
\$ 1,083	-	\$ 0	=	\$ 1,083		
Monthly Operating Income		Monthly Housing Expense		Net Cash Flow		

(Note: Monthly Housing Expense includes principal and interest on the mortgage, hazard insurance premiums, real estate taxes, mortgage insurance premiums, HOA dues, leasehold payments, and subordinate financing payments.)

Underwriter's instructions for 2-4 Family Owner-Occupied Properties

- If Monthly Operating Income is a positive number, enter as "Net Rental Income" in the "Gross Monthly Income" section of Freddie Mac Form 65/Fannie Mae Form 1003. If Monthly Operating Income is a negative number, it must be included as a liability for qualification purposes.
- The borrower's monthly housing expense-to-income ratio must be calculated by comparing the total Monthly Housing Expense for the subject property to the borrower's stable monthly income.

Underwriter's instructions for 1-4 Family Investment Properties

- If Net Cash Flow is a positive number, enter as "Net Rental Income" in the "Gross Monthly Income" section of Freddie Mac Form 65/Fannie Mae Form 1003. If Net Cash Flow is a negative number, it must be included as a liability for qualification purposes.
- The borrower's monthly housing expense-to-income ratio must be calculated by comparing the total monthly housing expense for the borrower's primary residence to the borrower's stable monthly income.

Appraiser's Comments (Including sources for data and rationale for the projections)
Calculations based on Market Rent per month as all units are not yet rented.

Market Conditions Addendum to the Appraisal Report

LN#2306319225
File No. N Crater 120

MARKET RESEARCH & ANALYSIS

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address	120 N Crater Rd	City Petersburg	State VA	ZIP Code 23803
Borrower Jocelyn Gaskins & Stanley Gaskins				
Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

Median Sale Price as % of List Price	94	0	100	☐ Increasing ☒ Stable ☐ Declining
Seller-(developer, builder, etc.)paid financial assistance prevalent?			☒ Yes ☐ No ☐ Declining ☒ Stable ☐ Increasing	
Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). Seller contribution has been between 0% to 6%. No comparable adjustment was warranted for seller concessions.				
Are foreclosure sales (REO sales) a factor in the market? ☐ Yes ☒ No If yes, explain (including the trends in listings and sales of foreclosed properties).				
There is a mixture of arms length transactions and foreclosures/short sales from banks in the area but they do not impact the marketability of the subject.				
Cite data sources for above information. The data provided in this analysis was generated using the CVRMLS and county records.				
Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.				
This data and sample size is considered to be reliable and the amount of research to analyze this information is consistent with data located on on multiple listing service. This sample size used is similar multi-family properties fitting to the market consistency of the subject property. All data is within a 3 mile radius from subject inside and outside the neighborhood. The search excludes sub-market data and only uses closed sales and active listings. The results may vary from the top of page three do to a larger search of similar sales and actives outside the immediate neighborhood.				
If the subject is a unit in a condominium or cooperative project , complete the following: Project Name:				
Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Total # of Comparable Sales (Settled)				☐ Increasing ☐ Stable ☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing ☐ Stable ☐ Declining
Total # of Active Comparable Listings				☐ Declining ☐ Stable ☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining ☐ Stable ☐ Increasing
Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.				
Summarize the above trends and address the impact on the subject unit and project.

Appraiser Independence Certification

I do hereby certify, I have followed the appraiser independence safeguards in compliance with Appraisal Independence and any applicable state laws I may be required to comply with. This includes but is not limited to the following:

- I am currently licensed and/or certified by the state in which the property to be appraised is located My license is the appropriate license for the appraisal assignment(s) and is reflected on the appraisal report.
- I certify that there have been no sanctions against me for any reason that would impair my ability to perform appraisals pursuant to the required guidelines.

I assert that no employee, director, officer, or agent of George Mason Mortgage, or any other third party acting as joint venture partner, independent contractor, appraisal management company, or partner on behalf of George Mason Mortgage, influenced, or attempted to influence the development, reporting, result, or review of my appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

I further assert that George Mason Mortgage has never participated in any of the following prohibited behavior in our business relationship:

- 1) Withholding or threatening to withhold timely payment or partial payment for an appraisal report;
- 2) Withholding or threatening to withhold future business with me, or demoting or terminating or threatening to demote or terminate me;
- 3) Expressly or impliedly promising future business, promotions, or increased compensation for myself;
- 4) Conditioning the ordering of my appraisal report or the payment of my appraisal fee or salary or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requested from me;
- 5) Requesting that I provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report, or requesting that I provide estimated values or comparable sales at any time prior to my completion of an appraisal report;
- 6) Provided me an anticipated, estimated, encouraged, or desired value for a subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase transactions may be provided;
- 7) Provided to me, or my appraisal company, or any entity or person related to me as appraiser, appraisal company, stock or other financial or non-financial benefits;
- 8) Any other act or practice that impairs or attempts to impair my independence, objectivity, or impartiality or violates law or regulation, including, but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the USPAP.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM
(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes. Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost. An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion. A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.
